BANGLADESH JOURNAL OF BOTANY  
(Bangladesh J. Bot.)**

**ISSN 0253-5416 (print), 2079-9926 (online)**

This publication is covered by Current Contents, Current Advances in Plant Sciences, Biological Abstracts, Elsevier Abstracts and several other Abstracting Systems.

In addition all papers of each issue are available in the  
websites: <[www.bdbotsociety.org](http://www.bdbotsociety.org)>, <[www.banglajol.info/index.php/BJB](http://www.banglajol.info/index.php/BJB)>

Bangladesh Botanical Society established in 1972 has been publishing the Bangladesh Journal of Botany since its inception. The journal was previously published biannually, however, since 2014, the society publishes the journal quarterly, one issue each in March, June, September and December.

Scientific papers written in English on any field of plant sciences from anywhere in the world are considered for publication in the Bangladesh Journal of Botany.

All manuscripts intended for publication in the journal should be sent to the Chief Editor, Bangladesh Journal of Botany, c/o. Department of Botany, University of Dhaka, Dhaka-1000, Bangladesh as word file through e-mail: <[journalbbs2021@gmail.com](mailto:journalbbs2021@gmail.com)>, <[bdbotsoc@gmail.com](mailto:bdbotsoc@gmail.com)>

Copies are available from the Secretary General, Bangladesh Botanical Society, c/o. Department of Botany, University of Dhaka, Dhaka-1000, Bangladesh.

## Guidelines to authors

Bangladesh Journal of Botany publishes original research papers related to any field of Plant Sciences from anywhere in the world. But it does **not** publish **review articles** and **check lists**. Each volume of the journal comprises four issues, published in March, June, September and December every year.

Papers should be submitted to the Chief Editor, Bangladesh Journal of Botany, c/o. Department of Botany, University of Dhaka, Dhaka-1000, Bangladesh by post or by email as a Microsoft Word document 2007 version (doc.) file. All correspondence should be made through email address:

<journalbbs2021@gmail.com>, <bdbotsoc@gmail.com>

The manuscript should be type-written with 2.5 cm margins in all sides in A4 size (21.0 × 29.7 cm) offset papers. A manuscript for **Full paper** should not exceed **12 typed pages** in double line space including Figures, Graphs and Tables. In case of **short communication**, the total typed pages should be **6 (six)**. The author will have to submit the paper in two hard copies and in CD, if sent by post.

**Full paper/Short communication:** The following instructions should be followed during the preparation of a manuscript. On the first page of the manuscript, only the Title of the paper and the name(s) of the author(s) with the address should be typed. In case of more than one author, the 1st address means where the research work was carried out. Identity of the author(s) must not appear anywhere in the manuscript except the 1st page. The corresponding author should be indicated by asterisk. The email address of the corresponding author must be given. On the second page the **Title of the paper, Keywords** and **Abstract** should be given. In case of Full papers, the following pages should contain **Introduction, Materials and Methods, Results and Discussion, Acknowledgement(s)** (if any) and **References**, while for a short communication, the following pages should contain the **Abstract** and the text without any headings but **Acknowledgement** (if any) and **References**. In both cases **Tables and Figures should be given at the end**. Authors must be careful when they reproduce text, tables and illustrations from other sources, to avoid plagiarism. Manuscripts will be subjected to peer review and if needed overviewed by the subject Editor of the Editorial Board. Acceptability as Full paper or Short communication or rejection of a reviewed manuscript is finalized in the Editorial Board Meeting. All accepted papers by the Editorial Board are subjected to editorial changes.

**Title:** It should be informative, brief and very specific. Please have a look at any published article.

**Abstract:** Each paper should have an abstract containing the gist of results obtained and should not exceed 150 words.

**Text:** The text of the article should be clear and precise. Methods already published should be indicated by references. In case of modifications of a method give explicit descriptions. Results should be stated concisely and presented logically referring to tables and graphs. Data of tables and graphs should not be repeated in the text. Simple data may be presented as a text instead of Tables and Figs. Each result should be followed by discussion or interpretation (in any case the Results and Discussion must not be separated) with appropriate reference(s). Concluding remarks (without heading) must be given (that tally with the objective) in the last paragraph. The references in the text should be arranged chronologically. Units of measurement to be used:  $\text{m}^2/\text{sec}$ , mg/l, kg/ha, etc.

**Tables, Graphs and Figures:** Number of tables, graphs and figures should be minimum, giving statistical analysis. The same data should not be used in tables, graphs or figures. **Tables should be typed on separate pages**. Please have a look at any published paper of BJB for the style. Figures and graphs should be drawn with Indian ink on tracing paper and should be properly labelled so that these can be reduced up to half or even less of their original size. Symbols in the graphs should be distinct and labels should be readable.

The photographs should be submitted on glossy paper or in JPEG format. Black and white and coloured photographs are accepted.

**References:** The number of references should be normally restricted to a **maximum of 25** for a full paper. Majority of them should preferably be of articles **published in the last 10** years. Accepted papers may be referred with the name of the Journal and indicated as "in press". Unpublished observations and personal communications may be inserted in parentheses in the text. Avoid using

abstracts as references. In the text a reference should be given within brackets without a comma between the name of the author and the year. For two or more references, however, each reference should be separated by a comma. References in the Reference section should be arranged alphabetically beginning with the author(s) and followed by the year of the publication, title of the paper, abbreviated name of the journal, volume, number (if any) within brackets, colon and page numbers. Please follow strictly the styles of various references given below:

**Abbreviations and contractions:** Abbreviations used in the American Journal of Botany should be followed. Abbreviations should have full-stop (e.g., Fig. for Figure) but for contractions there should not have any full-stop (e.g. Figs for Figures, Dr for Doctor, *No.* for *Numero*. Number in English).

**Declaration:** All authors are requested to sign a declaration form (also available in the website) certifying that the work was carried out by themselves and the contents of the paper were neither published before nor submitted for publication in any other journal, and that they have submitted their articles for consideration by the Editorial Board of the Bangladesh Journal of Botany.

**Affiliation:** All authors are requested to mention and sign their affiliation to their respective Universities/Institutes.

**Additional information:** All authors must be members of the Bangladesh Botanical Society at the time of submitting their papers. Annual membership subscription of a local author is **BDT 750.00**. For foreign authors, for a single-author manuscript **US\$ 50** fixed and for multi-authors manuscript **US\$ 30 per author**. Life membership subscription of a local author is **BDT 5000.00**, while for a foreign author it is **US\$ 250.00**. Contributors are given 5 copies of reprints free of cost. For additional reprints the author(s) will be billed at cost price and for this they must inform the Chief Editor in writing, after the paper is accepted for publication. The Society will bear the cost of up to **six printed pages** of the journal including plates, Figs, etc. The author(s) will have to bear the cost for extra printed pages (if any). For multicolour printing, the author should request the Chief Editor after the paper is accepted for publication and the author(s) will have to pay the extra cost.

Payment should be made following an invoice/a demand slip issued by the General Secretary/Chief Editor addressing the Author for correspondence/Institute concerned, via bank account or via Western Union favoring the Savings Bank account of the "**Bangladesh Botanical Society**", Dhaka, Bangladesh. Payment could also be made directly at the office of the Bangladesh Botanical Society, c/o, Department of Botany, University of Dhaka, Dhaka-1000, Bangladesh in local currency on a printed Money Receipt as approved and issued by the Bangladesh Botanical Society.

(Bangladesh J. Bot.)

Vol. 53

No. 4

December 2024

**CONTENTS**

- 865-870 **Nazmin Sultana, Supriya Langthasa and Ratna Kinkar Goswami** - Nutritional status of some selected indigenous leafy vegetables of Assam, India  
DOI: <https://doi.org/10.3329/bjb.v53i4.76919>
- 871-880 **Omer Faruk Coskun and Didem Aydin** - Population structure analysis and molecular characterization of duckweed genotypes using iPBS and ISSR markers  
DOI: <https://doi.org/10.3329/bjb.v53i4.77265>
- 881-887 **Wei He, Zengguang Xu and Lintao Luo** - Effects of different water and fertilizer treatments on leaf area and yield of jujube (*Ziziphus jujuba* Mill.)  
DOI: <https://doi.org/10.3329/bjb.v53i4.77404>
- 889-894 **Anika Tabassum, Farhana Islam Khan, Tania Hossain and Marjia Mostarin** - Phytochemical, antibacterial and cytotoxic properties of *Piper betle* L.  
DOI: <https://doi.org/10.3329/bjb.v53i4.77503>
- 895-902 **Ömer Faruk Coşkun, Tarik Gökbulut, Hakan Fidan, Ahmet Fikret Firat, Hasan Pinar and Osman Gülşen** - Genome-wide analysis of cucumber (*Cucumis sativus* L.) lines to identify zucchini yellow mosaic virus resistance loci  
DOI: <https://doi.org/10.3329/bjb.v53i4.77508>
- 903-911 **Qingzhi Yao, Xue Zhang, Youhan Wu, Yihua Qiao, Yiwen Yang and Weiping Yan** - Effects of mixed cropping and inoculants on yield and quality of forage under different inter cropping ratios of oat and field pea  
DOI: <https://doi.org/10.3329/bjb.v53i4.77676>
- 913-922 **Md Ashrafur Islam and M Mahfuzur Rahman** - Effects of roadside cultivation of napier grass (*Pennisetum purpureum* Schum) on wild natural vegetation of Kaliganj, Gazipur, Bangladesh  
DOI: <https://doi.org/10.3329/bjb.v53i4.78637>
- 923-929 **Mohibullah Safi, Rohit Bishist, DR Bhardwaj, CI Thakur, Prem Prakash, Krishan Lal Gautam, Rushal Dogra, Harish Sharma, Kamal Kishore and Ngahanyui Kengoo** - Influence of different nutrient sources on growth, yield and nutritive value of fodder maize  
DOI: <https://doi.org/10.3329/bjb.v53i4.77836>
- 931-937 **Dhanushkodi Vellaiyan, Praveen Thangaraj, Nageswari Raman, Anitha Ramaswamy, Thanga Hemavathy Arumugam, Shenbagavalli Santhamani, Sangeetha Subramaniam and Noorjehan Aka Hanif** - Functional group properties and quantification of mineral nutrients in traditional paddy cultivars  
DOI: <https://doi.org/10.3329/bjb.v53i4.77876>
- 939-947 **Snigdha Sarker, Kazi Tanbir Rahman, Md Raihan Iqbal Raju and Mohd Talim Hossain** - *In vitro* regeneration of *Bambusa vulgaris* var. *Striata* using nodal explants  
DOI: <https://doi.org/10.3329/bjb.v53i4.78094>
- 949-955 **AMM Golam Adam, Supti Saha and Umma Fatema Shahjadee** - Effects of triiodobenzoic acid on growth, yield and photosynthetic pigment content of chickpea (*Cicer arietinum* L.)  
DOI: <https://doi.org/10.3329/bjb.v53i4.78566>
- 957-966 **Most Morsada Khatun, Md Kabir Uddin, Md Solaiman Ali Fakir and Akm Golam Sarwar** - Agro-morphological characterization of coloured rice genotypes for grain yield  
DOI: <https://doi.org/10.3329/bjb.v53i4.78356>
- 967-971 **Jerin Tasmin and Ashma Ahmed Warasy** - Karyotype analysis and chromosomal characterization of *Hibiscus cannabinus* L.  
DOI: <https://doi.org/10.3329/bjb.v53i4.78161>

- 973-980 **Muhammad Akram, Nadia Manzoor, Muhammad Waqar Hassan and Abu Bakr Umer Farooq** - On-farm seed priming to alleviate the effect of saline stress during germination of pearl millet (*Pennisetum glaucum* L.)  
DOI: <https://doi.org/10.3329/bjb.v53i4.78187>
- 981-990 **S Muthuramu, M Gunasekaran, M Gnanasekaran and K Thiyagu** - Genetic analysis in traditional rice landraces of southern India for puffing quality  
DOI: <https://doi.org/10.3329/bjb.v53i4.78632>
- 991-999 **Ashfaque Ahmed and Sydul Islam** - Genetic diversity and population structure of *Grewia nervosa* (Lour.) Panigrahi from Gazipur and Cumilla Sal forests, Bangladesh  
DOI: <https://doi.org/10.3329/bjb.v53i4.78634>
- 1001-1009 **Subbarayan Ganapathy and Venugopal Ravichandran** - Evaluation of sugarcane clones for high yield and good ratooning ability for east coast zone of India  
DOI: <https://doi.org/10.3329/bjb.v53i4.78398>
- 1011-1020 **AHM Mezbah Uddin, Abulais Shomrat, Mohammed Almujaaddade Alfasane and Mohammad Zashim Uddin** - Plant species, perception and intangible benefits of the vegetation of Ramna park, Dhaka  
DOI: <https://doi.org/10.3329/bjb.v53i4.78635>
- 1021-1025 **Shivali Dhiman, Santosh Kumari, Balbir Singh Dogra, Anuj Sohi, Parveen Chaudhary and Anubha Saini** - Influence of rhizobacteria and organic manures on yield of okra (*Abelmoschus esculentus* (L.) Moench)  
DOI: <https://doi.org/10.3329/bjb.v53i4.78569>
- 1027-1033 **R Chitra and R Kalaiyarasi** - Stability assessment for rhizome yield and its constituent characteristics in various genotypes of turmeric  
DOI: <https://doi.org/10.3329/bjb.v53i4.78631>
- 1035-1042 **K Amudha** - Multivariate diversity analysis of yield and yield components in pearl millet [*Pennisetum glaucum* (L.) R. Br].  
DOI: <https://doi.org/10.3329/bjb.v53i4.78633>
- 1043-1053 **Ruijin Zhou, Xuanyu Li, Xiaoxin Shi and Guoqiang Du** - Genetic characterization of *cpt1* and *nptii* genes in the hybrids of transgenic and non-transgenic apple  
DOI: <https://doi.org/10.3329/bjb.v53i4.78659>
- 1055-1065 **Yunxia Ma, Guang Yang, Ji Wu, Xinyu Guo and Shi Qiao** - Effects of inoculation with different arbuscular mycorrhiza fungi on root growth and infection of *Xanthoceras sorbifolium* (Bunge) seedlings under drought stress  
DOI: <https://doi.org/10.3329/bjb.v53i4.78292>
- 1067-1075 **Ling Li and Zhaoquan Gao** - Agro-climatic regionalization of kernel apricot (*Prunus armeniaca* × *sibirica*) plantations in Beijing  
DOI: <https://doi.org/10.3329/bjb.v53i4.78567>
- 1077-1080 **Ummi Kulsum, Sheikh Hasna Habib, Pryanka Roy, Istiak Ahmed, Antara Samiha, F Begum and Md Abdul Latif Akanda** - EMS dose optimization to develop large-scale mutants in rapeseed (*Brassica* L.)  
DOI: <https://doi.org/10.3329/bjb.v53i4.78129>
- 1081-1087 **Yu Zai and Shaohua Liu** - Influence of arbuscular mycorrhiza on salt tolerance of *Kosteletzkya virginica* (L.) C. Presl ex A. Gray
